BioMark Presents At 11th Annual Conference of the Metabolomics Society

Vancouver, British Columbia – (April 14, 2015)–BioMark Diagnostics Inc. (CSE: BUX, FSE: 20B, OTCQB : BMKDF) is pleased to announce that BioMark has been selected to present at 11th Annual Conference of the Metabolomics Society.

“BioMark has been accepted to be a presenter at the 11th annual conference of the Metabolomics Society, to be held in San Francisco/Burlingame between June 29 and July 02, 2015. Over 700 abstract submissions have been received. All abstracts were scored by the International Organizing Committee by around six reviewers per abstract to yield a fair score. BioMark has been selected to present a 90 minute long poster presentation in the session provisionally titled "poster session 1-3". We very much look forward to an exciting meeting,” says Oliver Fiehn, PhD Chairman For Organizing Committee, Metabolomics Society

President and CEO, Rashid Ahmed is delighted to have this opportunity to present BioMark’s technology in the rapidly expanding field of metabolomics with partners from TMIC, a Genome Canada-funded Science and Technology Innovation Centre located at the University of Alberta and University of Victoria.

President and CEO of BioMark, Rashid Ahmed says: “Metabolomics for diagnostic application is a crucial component of BioMark’s cancer detection and monitoring platform.”

About BioMark Diagnostics Inc.

BioMark is developing proprietary, non-invasive, and accurate cancer diagnostic solutions which can help detect, monitor and assess treatment for cancer, early and cost effectively. BioMark is currently conducting Phase 3 multi site clinical trial for lung, breast, gastro intestinal and prostate cancers. Additionally trials related to assess response to lung cancer treatment and surgical interventions are being established.
